COOKS

Right to left — Linda Spencer, Audrey Hymas, Head cook: Rene Adamson, Wilma Field, Edith Christensen, Luana Allen, Betty Harmon, Pauline Gore.

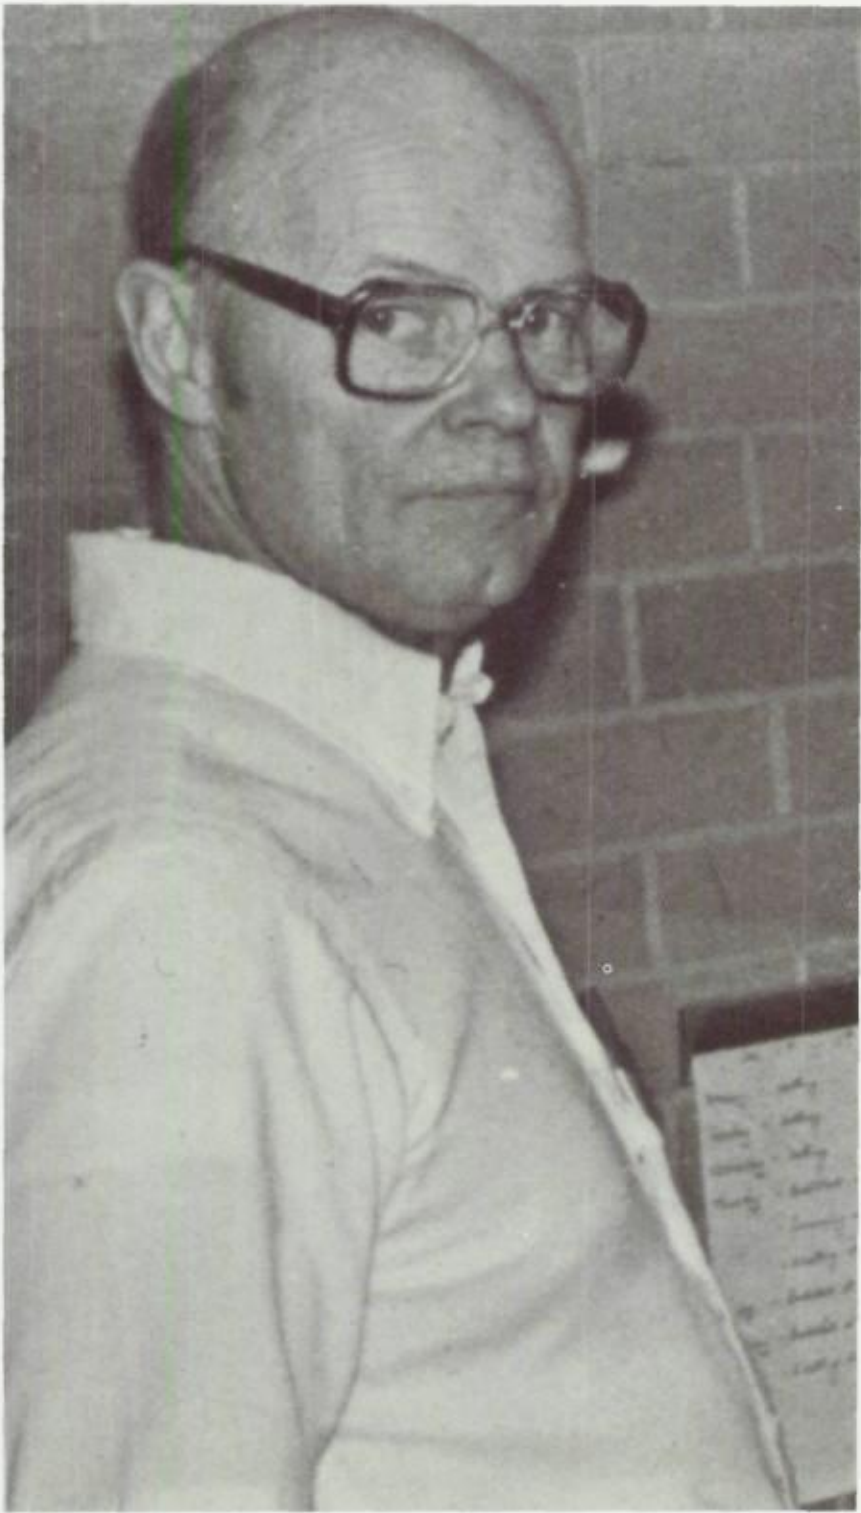

The Bonneville Kitchen staff worked an important form of magic every day this year. They made a hot affordable lunch available to every Laker. They used fast, efficient lines and offered a variety of lunches daily. They can be proud of what they do, though they take a great deal of ridicule. They deserve a big thanks!

What do we call it today?

Part of the pride of the Lakers is our school itself. Through this year our school has been kept clean by these men. Many hours were spent each day in maintenance of the building and school grounds. We appreciate your work and thank you for it.

YEARBOOK STAFF MAGICALLY PULLS IT OFF

Like pulling a rabbit out of a hat, making deadlines seemed virtually impossible at times. But through a great deal of pleading, threatening, persuading, and hard work we accomplished our goal and produced a yearbook that follows the Laker tradition of excellence!

Forensics is a unique, competitive activity. It incorporates various areas of speech competition as well as debate. It promotes scholastic achievement by teaching research skills, organization, analysis and knowledge of national and international problems and events. Participants not only learn to prepare evidence and arguments in an organized manner, but they learn to think on their feet. They develop the speech skills necessary for a good delivery including proper voice, diction and eye contact.

In Forensics, students learn to persuade others and to think independently. They learn how to function in a legislative setting as well by preparing bills and resolutions and acting as legislators.

In short, Forensics prepares students to be leaders!

Officers: Rathi Seshachari, David Barton, Steve Badger, Christy Chambers, Robb Hunt.

This year's *Laker Lookout* maintained the Laker tradition by being one of the best high school papers in the state. It added to the school spirit by supporting the teams. With new features such as "The Circular File of Dr. X," "The Adventures of Joe Sophomore," and great center page features, this year's paper was popular with students and faculty, and the Journalism department plans on continuing the tradition for a long, long time.

GAME CREW

SORRY, BUT I'M ALL TIED UP!

The Brent Sears Memorial Save the Aglet Crew and Non-profit Organization is dedicated to the prevention of Pneumonoultramicroscopicsilicovolcanocasis. They thrived in spite of strong opposition from a supposed "Kill the Aglets Crew." The aglet crew took first in Military and Modern Jazz divisions at the National Aglet competition, although there are no known competitors in the nation.

The founders would like to invite any interested junior to contact Kip Twitchell if he would like to be next years president. He/She/It (in accordance with title Nine) must be interested in seeing the Crew continue and be able to maintain a 2.22 G.P.A.

Front: Terrell Moffett (the original), Second: Cam Barnes, Freddie Schwartz, Chris Degn, Don Drysdale Kip Twitchell — Pres., Mrs. Willmore (FLO) — Advisor, Mike Jorgenson, Michelle Watson, Third: Darren Waite, Brad Noall, Lynette Torman, Steve McLaughlin — Vice-Pres., Laura Gittins, Jana Combe, Fourth: Kim Cloward, Whonoos Whooszhoos, Kellie Bennett — Sec., Coleen Schupe — Hist., Terrell again, and again, Fifth: Brian Garrett, Agletta Protectus, Nancy Needham, Kevin Millett (non-member investigator), Sixth: Jolene Hadley (inactive).

THE GHETTO BUNCH

The Ghetto Cruiser Club was organized to bring the students with ghetto style automobiles together. The officers realize that there are many Ghetto Cruiser cars throughout the school, and they want the drivers to know, "We are all in the same boat!"

Blair VanDyke, Anne Dalton, Sharon Hansen — President, Kim Cloward, Julie Burton, Steve Badger, Mark Rhead, On top of the car: Paul VanDyke.

STAGE

SONS OF BONNEVILLE

BLUE AND GOLD CHOIR

This year in Blue and Gold Choir we have accomplished plenty and had a lot of fun. Besides the concerts, which turned out great, and all the songs we have learned, we accomplished something much more important. We learned self-discipline and control. These are important qualities for anyone. Besides making new friends, we also improved our voices. But the best part of all was working with a great lady, Mrs. Wilmore.

The trip to Moscow was very successful, and enjoyed by everyone involved. Over all, Tapestry performed between 70 to 80 concerts.

BOYS' AND GIRLS' STATE

Girls' and Boys' State is a political way of learning the procedures of the government. The building you live in, is a state, and the floors are divided into cities. Elections are held, and you run for actual offices. Anyone who is interested in trying out, contact Mrs. Pomeroy. It's a great way to learn, have fun, and meet a lot of people.

BONNEVILLE SWEEPS UP AT REGION

SCIENCE FAIR

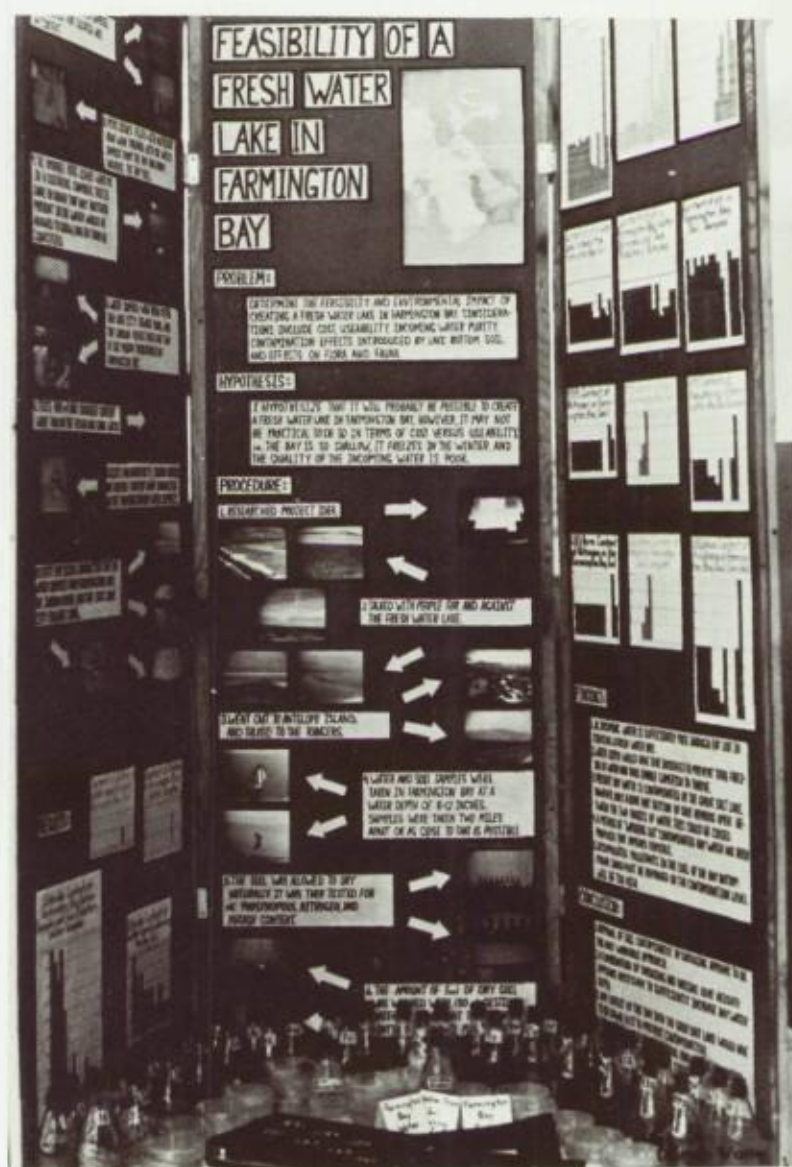

This year at the Bonneville Science fair, there were many winners. Most of them went to the Weber regional science fair and participated in oral reporting and project divisions. Over one hundred awards were given and Bonneville students took nearly half of them. Congratulations for another job well done.

1st Place Earth and Space: Kevin Thomas

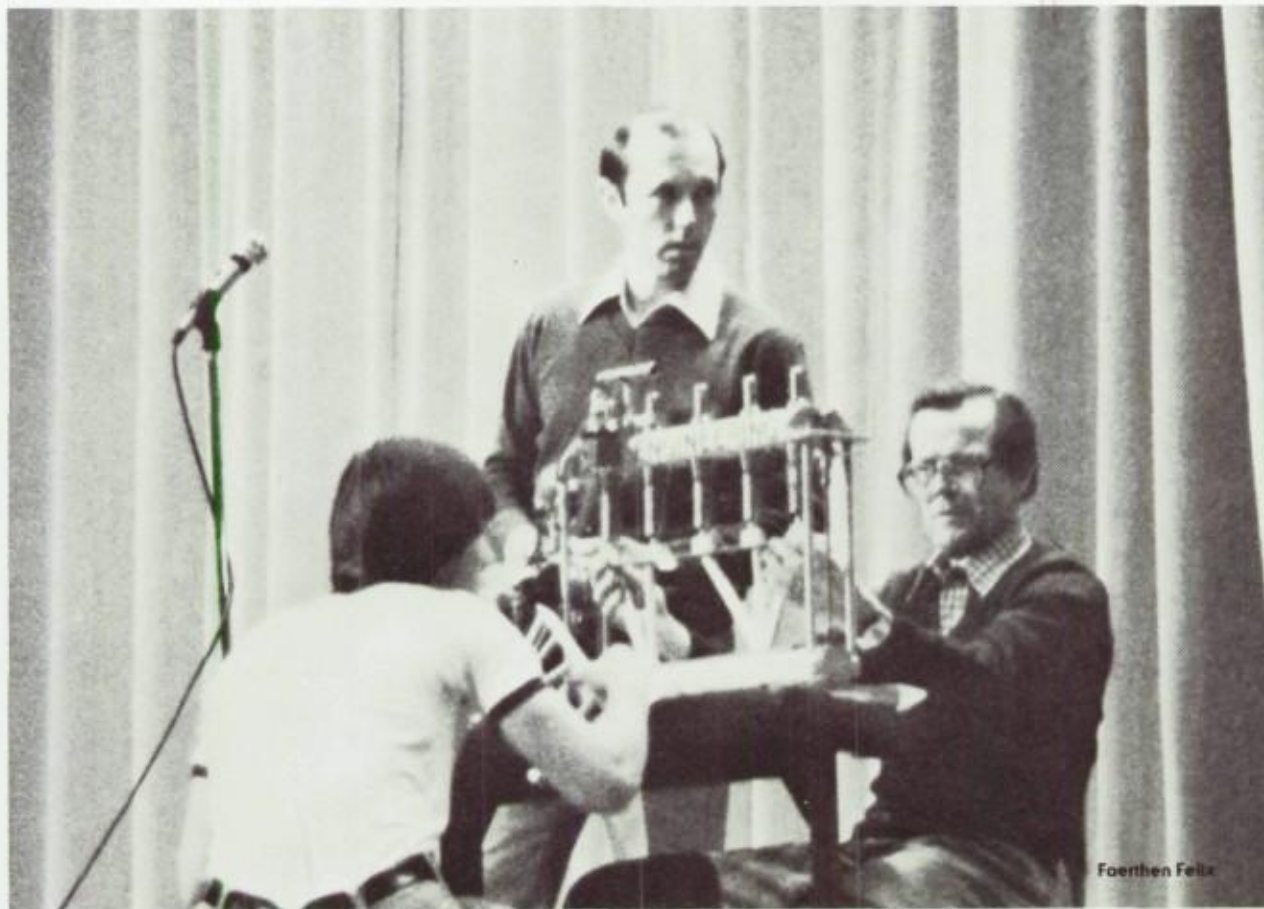

3rd Place Physics: Cam Barnes

Oh! WOW!

STANDING UP UNDER PRESSURE

Bryn Potter watches closely to insure a perfect fit.

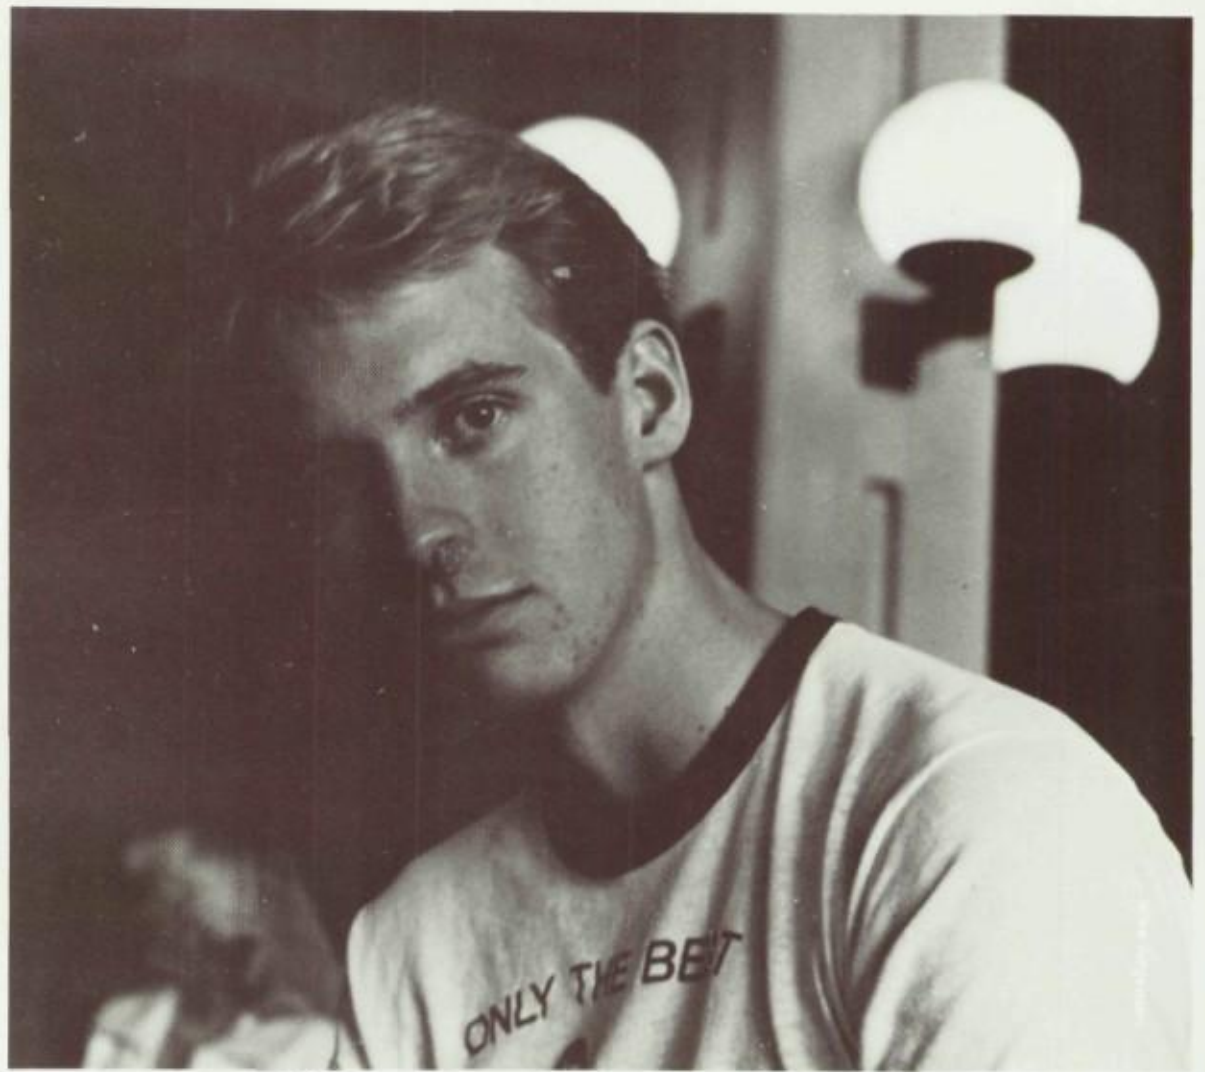

The Bridge Building contest was a "smashing" success this year. Students were invited to build a model bridge and have it crushed in a contest on January 14, 1982. Those bridges which held the most weight before breaking were the winning entries. Dr. Elliot Rich of Utah State University conducted the process and awarded cash prizes ranging from five to \$25 to the contest winners. All the bridges were made using thin balsa wood sticks and model cement. They were broken in a machine which put pressure on five points. This year there were over 200 entries coming for the most part from students in the physics and upper-level math classes.

Following a proud football tradition, this year's team was no exception. Besides winning the Region One Championship undefeated, this year's team had one of the biggest and best teams in Bonneville history.

The seniors, ending their last home football game under new stadium lights, donated by Wallace R. Budge, won the first night game on our field. Also ending the season by losing a tough quarter final match against Cyprus. Thus, winding up the year with an 8-2 record.

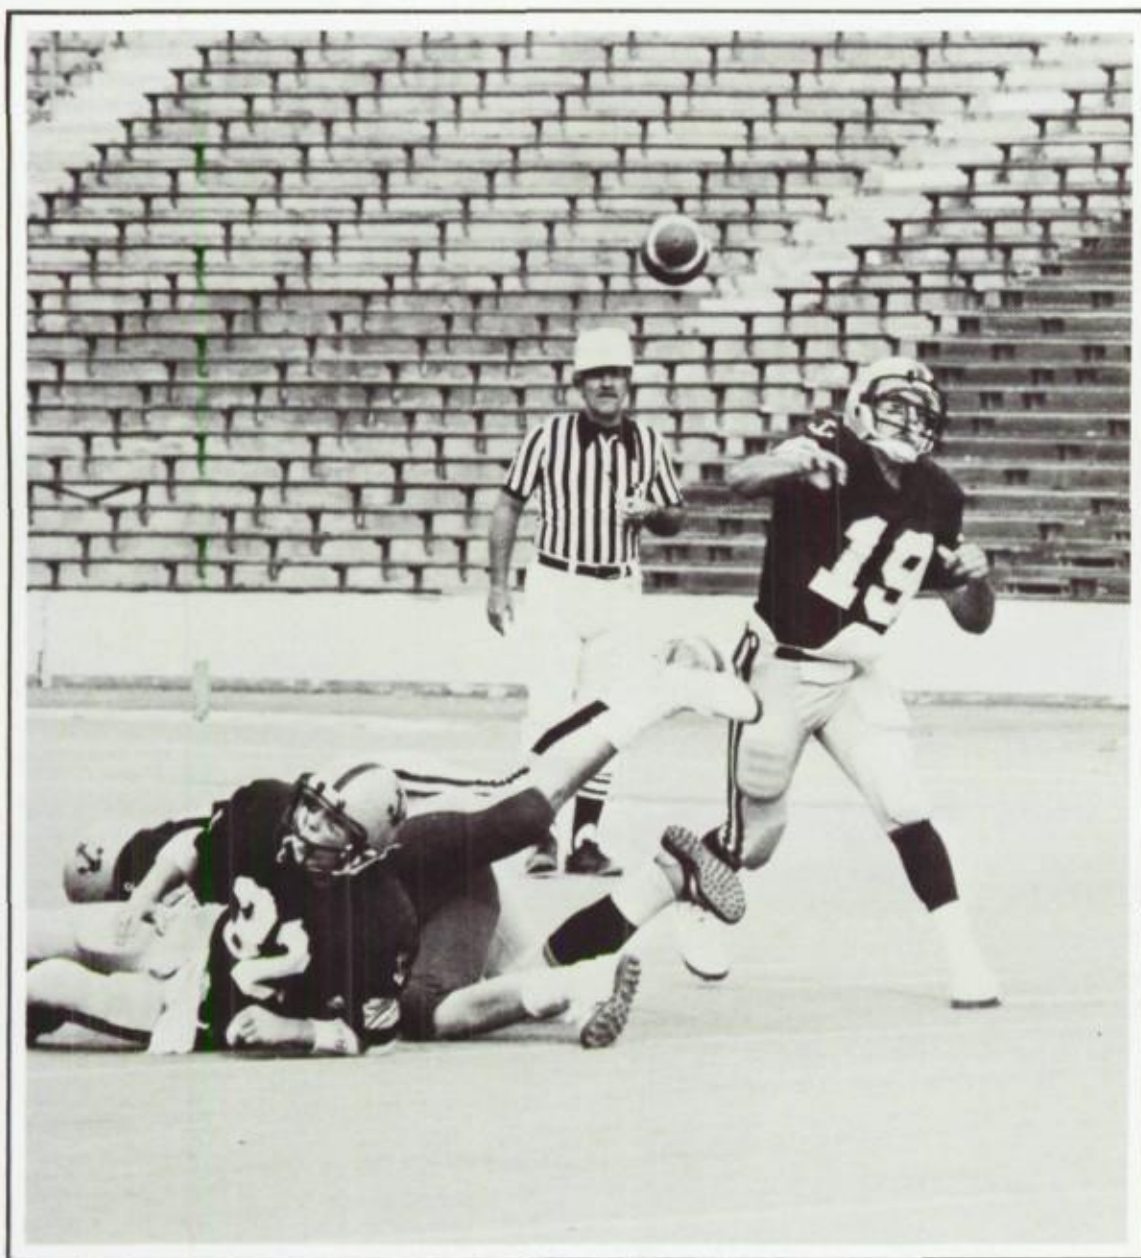

The team and coaches wish to thank all of the organizations and fans for their support throughout the season.

We "Love" Our Tennis Team

This year's tennis team had a great year. They placed 3rd in region. Carin Connelly and Alison Bean led the team as 1st doubles and made the 2nd round at state and were 6-3 in region. Christi Chambers and Jennifer Ford and Pam Pitzak as the 2nd doubles team and finished 7-3 in region. Jill Snedeker had a great year at 1st singles with an 8-2 record. Kari Ford who played 2nd singles was 8-1 and Karine Ingebretsen at 3rd singles. The team will only be losing 3 seniors and we are expecting a great deal from our returning players next year.

Yes, Alison, we realize it's lonely at the top.

Jill, I thought you had the tennis ball.

We had a fairly good year considering our youth and inexperience. Bonneville never wrestled without at least six sophomores in the lineup.

Those sophomores will be better next year and still better two years from now. Support was good but they would like more.

GOLF 1981

The 1981 Golf Team was a pleasant surprise as they finished with a 6-4 record in League play. This was good for a 2nd Place tie in Region.

They also tied for 3rd Place in the City-County Golf Meet with a score of 323.

The Lakers were led by Scott Christiansen's 75 at the State Meet. This individual score was good enough to place Scott as the 3rd medalist in the State. The Laker Team placed 5th in the State Meet with a score of 324.

EDITOR'S PAGE

Now that you have looked through these pages and recalled all the memories we shared together this year, I hope they will be just as special when you look at this book 20 or 30 years from now. We have had some good times here at Bonneville, sharing the fun, the cheers, the laughter and the tears. Remember at the beginning of the year when we were making new friends and renewing old acquaintances? Now it's the end of a very special year, a year that will not be forgotten, especially by the class of '82. Although the seniors will be gone, the class of '83 will become the cream of the crop. They will carry on the proud Laker traditions, as will the classes after them. It's our turn to start a future and even though we won't be students at Bonneville we will always remember that this school prepared us to take on the world. Hail to thee our Alma Mater, Noble Bonneville.
